

The Consultant & vCISO Guide to Modernizing Cybersecurity

A Framework for Advisors Leading Clients Into Modern Security Architectures

Executive Summary

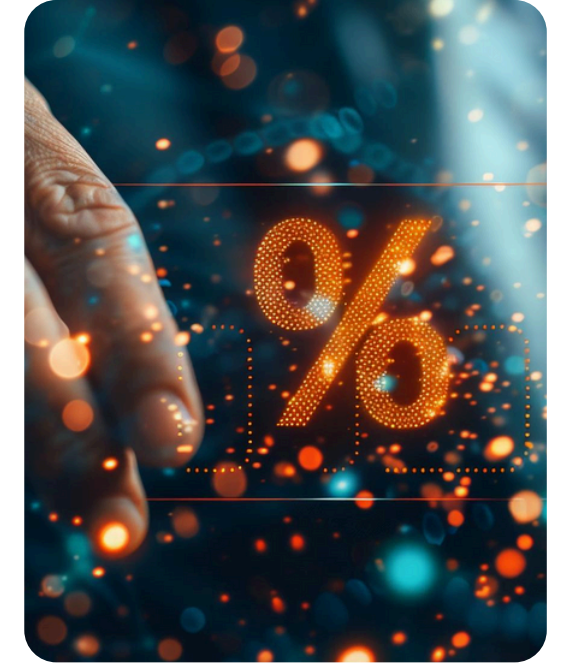

Consultants and vCISOs shape client security strategy. This guide provides the modern blueprint.

Chapter 1 Why the Status Quo Fails

- Toolsprawl
- Legacy SIEM cost explosion
- No twenty four seven monitoring

Chapter 2 Architecting the Modern Ecosystem

CrowdStrike XDR, Next-Gen SIEM, Corelight NDR, Cribl.

Chapter 3 The Pragmatic Data Strategy

Filter, enrich, route intelligently.

Chapter 4 Operationalizing the Stack

Recommend MSPs powered by Vijilan.

Conclusion

Consultants lead modernization; Vijilan delivers execution.

**Ready to operationalize your
CrowdStrike ecosystem and
elevate your security program?**

Equip clients with modern security operations.
